JOB DESCRIPTION: HUMAN RESOURCES SPECIALIST

JOB SUMMARY

The Human Resources Specialist is responsible for managing various records, such as medical and personnel files. This role oversees recruitment tracking, assists with pre-employment, on-boarding, and off-boarding processes, handles workers' compensation claims, and ensures accurate employment verification. With proficiency in personnel management software platforms like UKG and ESO, the Human Resources Specialist maintains and updates employee data and supports local board procedures. The position requires strong organizational skills, attention to detail, and a focus on efficient HR practices.

SUPERVISION RECEIVED

Works under the general direction of the Human Resources Manager.

SUPERVISION EXERCISED

None.

FLSA: Non-EXEMPT

ESSENTIAL FUNCTIONS

- Sorts, faxes, and files medical records such as FMLA, WC, and employee physicals.
- Organizes and maintains personnel files including evaluations, certifications, new hire documents, and disciplinary actions.
- Stores and retrieves I-9 files, workplace investigation documents, benefit contracts, DPS CHRI documentation, and other archives.
- Executes file purging according to requirements and set schedules or guidelines.

Recruitment & Promotion:

- Tracks candidates and addresses basic position inquiries.
- Validates application packets, required certifications and Letters of Interest for completeness.
- Provides clerical and logistics support in hiring and promotional assessment processes, and coordinates with HR.
- Explores new recruiting opportunities and platforms.

Employment Verification:

- Collaborates with Payroll to verify employee salaries, especially for housing loans.

Pre-Employment Assistance:

- Serves as the point of contact for candidate inquiries.
- Oversees background check authorizations and coordination.

Off-boarding Assistance:

- Calculates Sick Leave/Vacation Leave payouts.
- Furnishes deferred compensation withdrawal forms.
- Assists with PSPRS pension benefit calculations.

Local Board Procedures:

- Assists in coordinating Independent Medical Examinations (IME).

- Drafts communication to IME and membership.
- Schedules and facilitates local board meetings.
- Reviews and submits incoming retirement applications.

Workers Compensation Program Support:

- Assists HR with completing required injury/accident 101 forms and coordinating with employees once injuries have occurred.
- Monitors and records claims, ensuring proper documentation and submission.
- Tracks claim payments and confirms their accuracy.
- Completes OSHA 300 and Public Employer Census reporting annually.

WORK ENVIRONMENT

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodation may be made to enable individuals with disabilities to perform essential functions. The noise level in the work environment is usually moderate, as found in a normal business office with computers but may occasionally be high due to projects involving Fleet services and other support divisions. The individual will be working with and around electronic equipment.

Office Setting

- **Indoor Environment:** Work is conducted within an office building, ensuring a controlled climate with adequate lighting, ventilation, and ergonomic workstations designed to minimize physical strain.
- **Standard Office Equipment:** The environment is equipped with standard office furniture and technology, including desks, chairs, computers, printers, and telephones, facilitating the execution of daily tasks.
- **Quiet to Moderate Noise Levels:** Noise levels typically range from quiet to moderate, with sounds from office equipment, conversations, and occasional external noise. Efforts are made to maintain a workspace conducive to concentration and productivity.

Technology Integration

- **Computer Use:** A significant portion of the workday is spent using computers and various software applications, requiring familiarity with office productivity software, human resources information systems (HRIS), and communication platforms.
- **Digital Communication:** Communication with colleagues, candidates, and external partners is frequently conducted via email, instant messaging, and video conferencing tools, in addition to traditional in-person and phone interactions.

Collaborative and Independent Work

- **Team Collaboration:** The role involves both collaborative projects with the HR team and other departments, as well as independent tasks requiring self-direction and time management skills.
- **Meeting Participation:** Participation in regular meetings, workshops, and training sessions is part of the work environment, necessitating occasional movement within the office or to other meeting locations.

Health and Safety

- **Ergonomic Focus:** Attention to ergonomic practices, with equipment and furniture designed to reduce the risk of strain or injury from prolonged sitting or repetitive motions.
- **Safety Protocols:** Adherence to office safety protocols and guidelines to ensure a safe work environment, including emergency procedures and workplace cleanliness standards.

Flexibility and Adaptability

- **Variable Tasks:** The work involves a mix of routine tasks and new challenges, requiring adaptability and flexibility in response to shifting priorities and deadlines.
- **Continuous Learning:** Opportunities for professional development and training in HR practices, software applications, and other relevant skills to enhance job performance and career growth.

This office-based work environment is structured to support the efficient and effective performance of human resources clerical and administrative duties, offering a blend of technological resources, collaborative spaces, and individual work areas to accommodate a variety of tasks and working styles.

TOOLS AND EQUIPMENT USED

Computer and Software

- **Desktop or Laptop Computers:** Essential for most tasks, including document creation, data entry, email communication, and access to HR information systems.
- **Office Productivity Software:** Proficiency in Microsoft Office Suite (Word for document creation, Excel for data analysis, PowerPoint for presentations, and Outlook for email and calendar management) is crucial.
